

Our 2023 Summer Reading Program runs for seven weeks, from June 22 to August 11. We encourage children to keep reading throughout the summer. Research clearly shows the benefits of doing this. **Children who read during the summer maintain or advance their reading levels.**

To earn a prize, decide if you will count books read or minutes read, but not both. Use the back of this sheet to record your progress. When you have reached your goal, bring your completed Reading Log to the library. A fun journal and other prizes will be awarded to each child who completes a log, while supplies last.

IF YOU COUNT BOOKS:

Read 20 books or the equivalent of 20 books. (Note: If you read books that are more than 100 pages, every 100 pages counts as one book.) Reading can include listening to audiobooks, reading magazines, reading out loud with someone else, and reading to a younger child.

IF YOU COUNT MINUTES:

Read the total minutes for your age level or whatever you agree to with your parent. Use the guidelines in the chart below to help determine how many minutes to read.

Age	Minutes Per Week	Total Minutes
Up to 5 years	45 minutes	360 minutes
6 to 9 years	60 minutes	480 minutes
10 to 12 years	90 minutes	720 minutes

Don't forget to pick up a Summer Reading Program brochure or check our website for the fun events we are offering all summer long. There's something for everyone. Now let's get reading!
