

# MPL/SLI MEETING MINUTES

## 12/3/25

A summary of what remained open was reviewed.

Since the first section (Section A) needs to be completed before they will review anything else it was agreed to focus on that section.

The following action items were decided:

- A1 – Purchasing policy: Tom O to look at this
- A8 – Second Gen SLI Team – Lyla will form an employee group to work in conjunction with the Trustee team
- A11 – Energy Audit – Tom D. to research this.
- A15 – SLI Event Attendance – Each member will look for and attend SLI events. Notes will be made on the website indicating attendance. It has been determined that these events will count toward training hours.
- A19 – Sustainable event every year – Propose to the Board in January that an event be established to coincide with Earth Day.
- A21 – Building ownership participation – Talk with the new town supervisor regarding this.
